

COMMANDER .1/LFE SUBWOOFER CABLE

Commanding Performance. REL Precision.

Commander is REL's most accessible .1/LFE cable, but you'd never know it. We use RCA's of our own design, rich materials, and engineer it for long-lasting reliability.

Commander ensures your theater performs to its full potential. You're not used to such awesome construction and high-end materials at this price point, but that's just what we do at REL. This is luxury you can feel, it delivers a sonic balance that is rich and full-bodied. Our connectors feel amazing the first and every time. Commander connects you to the emotion behind every scene.

Available in Black or White, it blends seamlessly into your system or interior—no matter your style.
