

Designed for Elegance

T/5x

No model in REL's long history has sold more units nor engendered more affection than our T/5. Here reimagined in a modern, elegant, new form factor, T/5x's mission remains the same: make remarkable bass far beyond its modest size, do so in a way that complements every interior's style, and eliminate all visual distraction. Mission Accomplished.

Perfect for small and medium rooms, T/5x seats perfectly into any décor. Floor-firing is part of its secret; bass energy strikes the floor and spreads uniformly throughout the space making it perform like a larger model. For those picky about style, the hidden bonus is this design eliminates even the grill, rendering it the purest of forms.

All RELs - Fully Electronic SET-SAFE, output short, DC Fault

Specifications

Type

Down-firing active woofer
